

## How To: Access Safety Data Sheets via Globodox For Kohl Wholesale: Employees/Customers

**Step One**-Enter username “webuser”, without any capitalization. There is no password required. Once the username field has been typed, you can click “login” and the website will automatically take you to the next page.

The screenshot shows a login window titled "Please login..." with the "Globodox Web Client" header. It contains a "User Name:" field with "webuser" entered, an empty "Password:" field, and a checkbox for "View-only access". A "Login" button is located at the bottom right.

**Step Two**-For this step, you'll be logged into Globodox. On the left, there are options under the “Navigation” list. You'll be looking for “Document Types”. Be sure to double click it. A new title will drop down; “MSDS”. Click on this only once.

**Step Three**-You can manually scroll through to find the item you're looking for, or you can use the search field at the top to find what you're looking for. There are four ways to search: by item number, product ID, UPC, or brand. After you've narrowed down your search, you can click on the specific file you need, and the information needed will be shown.
